Our primary focus is that our football coaching sessions and match days are delivered with a professional academy flavour.

St Andrews Football Club: Child Welfare

Child welfare is taken very seriously by the club.

Although very rare, an incident may occur during matches (or training) involving parents, coaches, officials, and the players which could be seen as endangering Child Welfare. This may be either verbal or physical. In this unfortunate event coaches are asked to contact the club via the secretary as soon as possible before taking any other course of action. Once the club has been notified the Committee will take the matter in hand and liaise with the coach on next steps and procedures.

St Andrews Football Club: Sponsorship

St Andrews Football Club: Club Rules

Players cannot be signed to another Club in the same League, players **MUST** receive permission from the committee to play for another club in a different league and should prioritise St Andrews FC fixtures. Managers/Coaches are only responsible for children whilst they remain on the designated site. All children must be brought and collected by an appropriate adult, unless specific written consent from the parent/guardian has been received by the Club.

Please advise in advance (before noon of the day of training) if you cannot make training or will be late. **For matches always arrive at the ground no later than 30 minutes before kick-off unless pre agreed.**

Although every care will be taken, site exits are not secured, and Managers/Coaches cannot be responsible for children who leave the site without first notifying them.

Please accept that **no player has an automatic right to play the position he/she wants.**

All St Andrews FC participants including Parents/Guardians/Spectators will be required to adhere to the code of conduct guidelines and any participant behaving unacceptably will receive a formal warning. Any participant receiving more than two such warnings may be excluded from attending any further activities for a period decided by the Committee.

Unacceptable behaviour includes, but is not limited to, swearing, smoking, deliberately endangering others, and disrupting activity sessions, but also includes behaviour that the Club feels is inappropriate and/or affects the enjoyment of the Club by other children.

Parents, players, spectators, children, coaches, managers and any other official of St Andrews FC must adhere to the FA Respect campaign. Those not adhering could face disciplinary action.

Shin pads **MUST** be worn for all training sessions and matches. Each player must provide their own shin pads and football boots. **Any player failing to wear shin- pads will not be allowed to train or play in that match.**

Any player issued with team kit (including training kit), will be held responsible for any loss/damage caused and will be invoiced by the club. Should a player leave the Club, the kit (unless paid for by the player themselves) must be returned to the team manager as it remains the property of St Andrews FC.

Any child regularly not attending training or matches, for no apparent good reason, could lose their place within the Club. It is up to a Manager/Coach to decide what is reasonable. However, any decision to remove a child from their team will be first discussed with the child's parent(s) and second, be approved by the Committee.

In the event of any dispute between a parent, player, coach or manager, all parties should in the first instance seek to resolve the issue/concern privately via a face-to-face meeting. If an agreement cannot be reached, then the party with the grievance should refer the matter to the Committee. The Committee's decisions will be viewed as final.

SOCIAL MEDIA: Any player, parent, guardian, or carer seen to be making defamatory comments about the club, coaches, other players, club officials, match officials, the league, opposition, or the FA will be asked to meet with the committee and could be asked to leave the club.

IMPORTANT: Any player incurring Wilshire FA punishments/fines may be asked to meet with the Committee to explain their behaviour and may receive a formal warning and **WILL** be required to pay the fine.

St Andrews Football Club:

Celebrating football through photographs and video

"There has been much talk about who is allowed to take pictures of children (under 18s) playing sport and in particular what parents/carers are permitted to do. The FA would like to assure parents, carers, coaches, spectators, players, and local media that we encourage the taking of appropriate images of children in football."

It is important to remember that the majority of images taken are appropriate and in good faith. St Andrews has taken the following measures to ensure the safety of children in football.

We will.

- Focus on the activity rather than the individual.
- Ensure all those featured are appropriately dressed (a minimum of vest or shirt and shorts)
- Aim to take pictures which represent the broad range of children participating safely in football.

We will not.

- Publish photographs with the full name(s) of individual(s) featured unless we have written consent to do so, and we have informed you how the image will be used.
- Use player profiles with pictures and detailed personal information on our website!
- Use an image for something other than which it was initially agreed.
- Allow images to be recorded in changing rooms, showers, or toilets - this includes the use of mobile phones that record images.

Filming as a coaching aid.

The FA advises that coaches using videoing as a legitimate coaching aid should make parents/carers and players aware that this will be part of the coaching programme. Care should be taken when storing the videos.

At times throughout the season FC Wiltshire will make use of filming to aid in coaching sessions. These images will not be used for any other purpose and will not be stored by any coach after the session and subsequent learning has been completed.

If you are concerned about the inappropriate use of images, please report this to Andy Mullen, St Andrews FC Welfare Officer (07850 450319)

Remember.

- It's not an offence to take appropriate photographs in a public place even if asked not to do so.
- No one has the right to decide who can and cannot take images on public land.
- If you have serious concerns about a possible child protection issue relating to the recording of images, then call the Police. This action should only be taken where you believe that someone may be acting unlawfully or putting a child at risk.
